

AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

June 10, 2008

Last week, Governor Schwarzenegger proclaimed a statewide drought in response to the state's severely low water supply due to below-average rainfall and court-ordered water restrictions. This is a very serious issue, and we need to be sure that the County is doing its part and making every effort to conserve water resources.

I, THEREFORE, MOVE that the Board of Supervisors instruct the Director of Public Works to report back at the Board Meeting on June 17, 2008, with what actions, if any, the County needs to take in light of the governor's recent proclamation, including any recommendations to ensure that we are conserving water.
